Importance of Cybersecurity: How to be safe in a wireless world

Ahmad Essayed

Faculty - Computer Science and Cyber Security at Murdoch University Dubai

In this session, we will discuss why cyber security is of immense importance in today's digital world. If you ever connect to a mall, cafe, airport, or any other public WiFi, this session will help you understand what are their threats and how to protect yourself against their potentially detrimental consequences.

Critical Thinking Skills : Workshop

Faiza Qureshi

Foundation Program Coordinator and Faculty at Murdoch University Dubai

Universities are based on a culture of research and as a university student, you are expected to consider, justify, reason, argue, critically appraise, identify, analyse or evaluate. Such instructions provide you with the opportunity to engage your 'critical spirit' and practise your critical thinking skills. Murdoch University has developed a free webinar to help high school students prepare for this challenge which will cover what it means to think critically in an academic context.

28

September

4.00 - 5.00pm
